The Sennheiser CC&O Value Proposition

What to Experience from Sennheiser Headsets?

In the making of headsets for Contact Centers, Offices (CC&O) and Unified Communications professionals, we are focusing on three main areas, which outline our value proposition - these are the areas which you need to experience:

- Sound Leadership
- Quality Design
- User Focus

Product Specifications

Work place and device definitions

Typical desk users spend limited time away from their desk and are not required to answer call when away from their desk.

Typical office-based users have an allocated desk although they don't spend too much of their time at their desk.

Typical field-based users have no dedicated desk in the office and no fixed location but should be available while on the road.
